

A BONUS *for your* BOTTOM LINE

Does your organization's staff have a technology skills gap?

Is technology outpacing your business?

Do your employees need training for your business
to stay competitive?

Through our partnership with the Innovative Technology Action Group (ITAG), let us connect you to training grants funded through the Pennsylvania Department of Labor and Industry to offset costs of technology-related training. Eligible employers/trainees can receive **reimbursement of up to 50% of course costs**.

To be eligible, trainees must be employed residents of PA, with priority given to the following occupations: Computer Systems Analyst, Computer Programmer, Software Developer, Network & Computer Systems Administrator, Computer User Support Specialist, Computer Network Support Specialist, and related roles.

Applications must be received by June 30, 2019.

Funds available for training in:

- High-level Information Technology
- Advanced Manufacturing
- Smart Energy
- Healthcare IT
- IT Security

Don't see your training need or occupation listed? Contact Marianne Stack: mstack@ccedcpa.com with questions or to request an application.

Please share this flyer with your organization's HR and IT departments as well as any individuals who might benefit from these grants.

ABOUT ITAG:

ITAG, an initiative of the Chester County Economic Development Council, is a 19-year old partnership of companies focused on strengthening the technology workforce in southeastern PA. ITAG's mission is to promote Information Technology, Communication, and Technological processes to all companies and individuals in Southeastern Pennsylvania to become more effective in an increasingly sophisticated global marketplace.
